

INJURED WORKER PUBLIC MEETING

Date: Wednesday June 15, 2011
Time: 6:00 pm
Location: United Steelworkers Hall,
25 Cecil Ave. [see map below]

Why you should attend the meeting:

- Have your voice heard.
- Get involved in various activities – organizing, solidarity building, public speaking, etc...

At this meeting, we plan to continue to help build organizational skills; discuss possible actions in preparation for the upcoming election like MPP delegation meetings, petition writing and campaigns. We also expect that injured workers will redefine and restate their demands to the Government.

Some of the demands injured workers have been making for years have included:

- Full and fair compensation for injured workers, including pensions for life
- Fair cost-of-living increases for all injured workers
- Job security without discrimination, including an end to the practice of "deeming" injured workers able to do fake jobs that don't exist
- An end to the WSIB telling workers what medical care they need and ignoring workers' own doctors

Light refreshments and TTC tokens will be provided.

Confirm your attendance by June 13th.
Call IAVGO at 416- 924-6477

Hope to see you there.
