# PETITION

TO The Legislative Assembly of Ontario:

WHEREAS workplace injuries should not result in the poverty of the injured worker, and that it is the duty of a Worker's Compensation system to ensure the financial security of those who can no longer engage in the labour market, and that financial burdens accumulated by the Workers Compensation system should not be the burden of the injured worker.

WE the undersigned petition the Legislative Assembly of Ontario as follows: that all those who engage in work in Ontario shall be covered under the Workplace Safety & Insurance Act; that the Legislature shall eliminate deeming permanently disabled workers to be earning income when they are not; that annual Cost of Living adjustments be made a permanent addition to the legislation; that claims-based experience rating be eliminated; and that the unfunded liability not be reduced at the expense of the injured worker.
